hop,

ews on the case! We located and towed the suspect vehicle. Now the process of  
ing the driver begins. Of course, the vehicle was not registered to who we believe  
so we need to be able to prove without a doubt who was actually operating the v  
me of the crash. Not impossible and we're working on it. So far, we've received n  
tion from the registered vehicle owner, but that doesn't stop the investigation. I  
u updated. Just wanted to let you know. Take care.
